NUT TREES

J. F. JONES

P. O. Box 356

NURSERIES

Lancaster, Pa.

" BUY DIRECT FROM THE GROWER "

FOREWORD

When you buy from J. F. Jones' Nurseries you are dealing direct with one of the oldest northern nut tree nurseries. We ship trees to all states in the union except California and we have shipped to various foreign countries. Our volume of business has been up to the extent that prices of trees have been kept down. Price of trees is small compared to time it takes to produce this stock—from four to eight years of care and work. The trees listed are not old and overgrown, but are ready now to be planted and will take hold in their new location and grow off quickly, providing always they are given attention and good soil suitable to their growth. Every country home and farm owner should look over his tree plantings and plan now for future tree or lumber crops. Trees are not a one year proposition, but a life-time investment. For that reason many people do not plant them. Most of the nut trees besides being good lumber trees will yield crops of fine quality nuts while they are growing into valuable timber if the planter has the foresight to plant the fine grafted varieties we are growing here. The cost is small compared to the value received. Plan your planting now.

BLACK WALNUTS

THOMAS: The largest nut of the varieties listed. The tree is the fastest grower of the lot. The nut husks better than average and makes a good appearance when sold in the shell.

OHIO: Good grower, very symmetrical tree. Nut of medium size, very light colored kernel. Husk of nut thick. Good bearer.

ELMER MEYERS: Good new variety. Late to vegetate.

Thomas

Stabler

Ohio

STABLER: The slowest in growth of the varieties listed. Foliage more graceful—about half the size of the Thomas foliage. Nut an excellent cracker. Bears a number of one-lobed nuts.

TEN EYCK: Tree a very symmetrical grower. Nuts slightly smaller than Thomas.

	each	per 10
2 to 3 ft. tall	\$1.50	\$12.50
3 to 4 ft. tall	1.75	15.00
4 to 5 ft. tall	2.00	17.50
5 to 6 ft. tall	2.25	20.00
6 to 8 ft. tall	2.50	22.50

(for trees in quantity lots, write for prices)

✓ ENGLISH WALNUTS

WILTZ MAYETTE: A favorite variety because of its fine quality and clean shell of the nut. A "Diamond" brand.

	each	per 10
2 to 3 ft. tall	\$1.75	\$15.00

Also a few Payne and True Mayette trees.

✓ FILBERTS

These plants attain more the growth of a peach tree. They can be used in small corners in the lawn, as fillers in a nut or fruit tree orchard, as a screen hedge or in any other desirable place where a tree of this type can be planted. They bear early.

BARCELONA: Large nut of the round type.

DUCHILLY: Nut large and long.

DAVIANA: Nut medium. One of the best pollenizers for Barcelona.

ITALIAN RED: Nut long and very attractive.

WHITE AVELINE: Nut medium to small. Fine pollenizer.

JONES HYBRIDS: A group of hybrid filberts selected for their good quality and very promising. This group also includes Bixby and Buchanan, two varieties we have already named.

NOTE: Plant two or three varieties of filberts for proper pollination. If you are not familiar with varieties we will be glad to select the proper plants for you.

Cultural directions with each shipment.

	each	per 10
2 to 3 ft. tall	\$1.00	\$ 9.00
3 to 4 ft. tall	1.25	10.00
4 to 5 ft. tall	1.50	12.50
5 to 6 ft. tall	1.75	15.00
6 to 8 ft. tall	2.00	17.50

✓ NORTHERN PECANS

Beautiful shade trees. They bear good crops here at Lancaster. We are offering several varieties: Butterick, Busseron, Greenriver, Indiana, Posey. All have merit. If you have no choice we will select the variety best suited to your climatic conditions.

HICANS: Sold out for spring 1940 delivery.

HICKORIES

FAIRBANKS: A cross between the shagbark and bitternut. Due to its hybridity it is a very fast growing tree and early bearer. The nut is of very fine quality.

Prices of hickory and pecan trees.

	each	per 10
3 to 4 ft. tall	\$2.25	\$20.00
4 to 5 ft. tall	2.50	22.50
5 to 6 ft. tall	2.75	25.00
6 to 8 ft. tall	3.00	27.50

PERSIMMONS

EARLY GOLDEN: This is a round type of fruit and of excellent flavor. Ripens about the middle to latter part of September here.

LAMBERT: This is the largest of the two varieties we are growing. Fruit ripens later in the season.

	each
1 to 2 ft. tall	\$1.75
2 to 3 ft. tall	2.00
3 to 4 ft. tall	2.25
4 to 5 ft. tall	2.50
5 to 6 ft. tall	2.75
6 to 8 ft. tall	3.00

JUJUBE OR CHINESE DATE TREES

These trees are hardy here at Lancaster. Our oldest tree has gone through eighteen winters with no winter injury. When the fruit is cured in sugar it tastes much like the date. A very suitable tree for wild life too, because the fruit hangs on the tree well into the late winter months and attracts quail and pheasants here when food is scarce.

	each
3 to 4 ft. tall	\$1.75
4 to 5 ft. tall	2.00

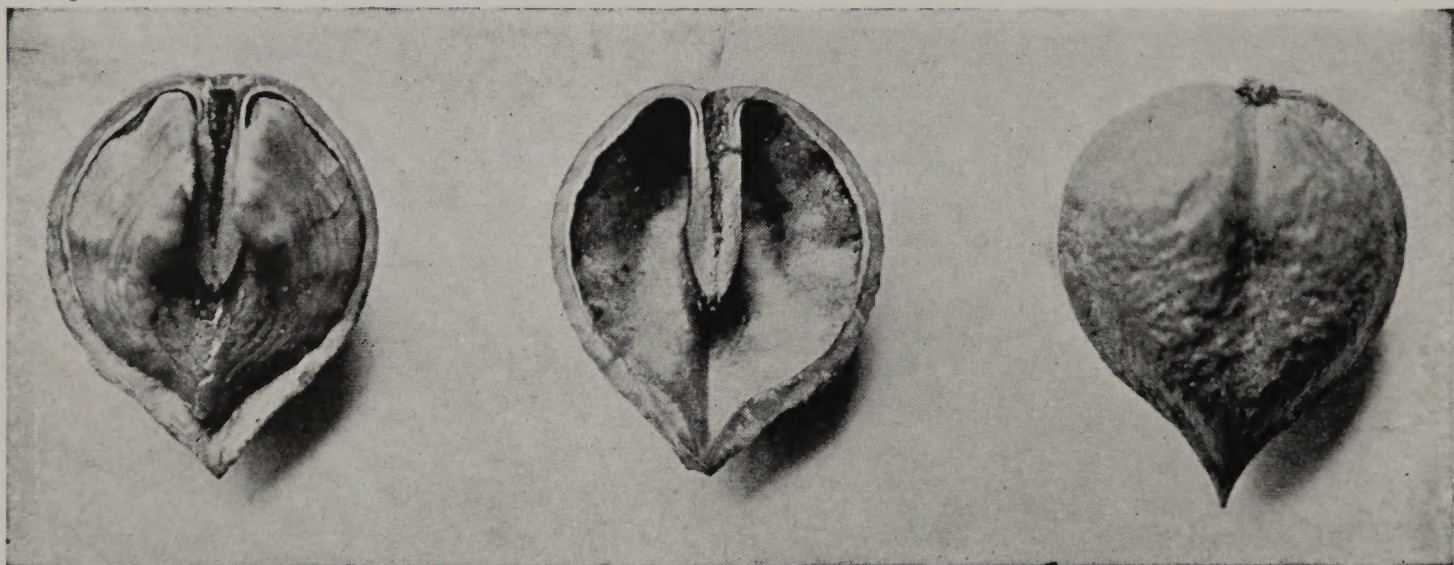

THORNLESS HONEY LOCUST, GLEDITSIA INERMIS

	each	per 10
4 to 5 ft. tall	\$1.50	\$12.50
5 to 6 ft. tall	1.75	15.00
6 to 8 ft. tall	2.00	17.50

BLIGHT RESISTANT CHESTNUT TREES: The Chinese Chestnut is a beautiful tree. It has wonderful ornamental value and produces nuts nearer to the native American sweet chestnut than other oriental species.

	each	per 10
1 to 2 ft. tall	\$.75	\$ 5.00
2 to 3 ft. tall	1.00	7.00
3 to 4 ft. tall	1.25	10.00
4 to 5 ft. tall	1.50	12.50
5 to 6 ft. tall	1.75	15.00
6 to 8 ft. tall	2.00	17.50

THE HEARTNUT: We had to turn back a lot of orders for these trees last spring because we sold out of stock in the later part of January. The nut is heart-shaped. Flavor much like a butternut or Japan walnut. The tree grows fast and is very ornamental. Our stock of trees is larger this year,

but even so, if you are anxious to secure this specie for your collection, send your order early.

	each	per 10
2 to 3 ft. tall	\$2.00	\$17.50
3 to 4 ft. tall	2.25	20.00
4 to 5 ft. tall	2.50	22.50
5 to 6 ft. tall	2.75	25.00
6 to 8 ft. tall	3.00	27.50

PURPLE LEAF FILBERT: This is planted mainly for its ornamental value. The leaves of this plant are deep purple in the spring.

2 to 3 ft. plants	\$1.25	3 to 4 ft. plants	\$1.50

✓ **SWEET CHERRIES:** For years we have grown sweet cherries expressly for the wholesale trade. Visitors here have been delighted with the way we take care of the cherry trees and with their fine healthy appearance. Please have us reserve trees for you early.

BLACK TARTARIAN: Purplish black. A heavy bearing tree. Excellent pollenizer. One of the most popular older varieties.

SCHMIDT'S BIGARREAU. Fruit is very large, deep dark red. Flesh very firm and juicy. An excellent dark cherry.

WINDSOR: Fruit large, dark. Flesh firm. A valuable late variety.

BING: Fruit very large, dark red, almost black; good quality. Flesh very solid and delicious.

LAMBERT: Large, dark, juicy and of good quality. Gaining favor in the west.

NAPOLEON BIGARREAU: Large Royal Ann. Pale yellow with bright red cheeks; flesh firm, juicy and sweet.

GOVERNOR WOOD: An old and favored variety. Large heart-shaped cherries, light colored with bright red cheek.

SENECA: Large purplish black when allowed to ripen. Bears very early here at Lancaster. Fully two weeks earlier than Black Tartarian. An excellent early cherry.

One year from the bud trees. The favorite of orchard men.

	each	per 10
3 to 4 ft. tall	\$.40	\$ 3.50
4 to 5 ft. tall50	4.50
5 to 6 ft. tall60	5.00
6 to 8 ft. tall75	6.00

(Budded on Mazzard roots)

✓ **LARGE MONTMORENCY SOUR CHERRY:** Large, deep cherry red. This is a favorite canning variety. Excellent for home and market use.

	each	per 10
3 to 4 ft. tall	\$.50	\$4.00
4 to 5 ft. tall60	5.00

For quantity lots, write for prices.

TERMS: All shipments f. o. b. here. Cash before shipment.

LOCATION: We are four miles south of Lancaster on State Route 222. Come directly out South Prince Street in Lancaster to our nursery.
